Welcome from the committee

Dunedin North Intermediate, Dunedin's first intermediate, is celebrating an illustrious and prestigious 75 years at Labour Weekend 2009. It is our privilege to extend an invitation to all current or previous students, staff and friends of our school.

The committee has planned a varied and interesting programme all based on the school site using the facilities and a very large marquee which will be erected in the court areas around the hall. Those able to attend and share in the festivities are guaranteed a quality programme that will have something for everyone.

There is already widespread interest and enthusiasm for this event which is focussed on you and your friends having an enjoyable experience as you return to your old school and friends.

Accommodation in the north end of Dunedin has been alerted and discounts negotiated for attendees. We invite you to contact friends and enrol while the earlybird discount still applies.
