

Uniform Policy

Aim: The Dunedin North Community were surveyed in 2015. There was clear support of the continuation of our school uniform at this time. In 2020 the school council did some work around uniform vs mufti and the results of this survey were inconclusive. We will continue this discussion in the coming 12 -24 months. In the meantime, the aim of this policy is to outline the uniform

expectations and purpose. In 2015 there were concerns raised about warmth (the quality of the jersey and about the lack of long pants). There were also concerns raised about the gender specifications. These were addressed as follows:

Purpose: The uniform is designed for comfort, quality, cost, practicality and presentation.

Expectation:

Students at DNI are expected to wear the uniform as per the guidelines. The Principal, in consultation with the Board of Trustees may make minor alterations to the uniform each year if a need arises. Major alterations to the uniform are to be avoided due to the cost and time involved in this process. It is expected that the community will be consulted again in 2025 as to whether the uniform is still fit for purpose.
